# 1928 WHOLESALE PRICE LIST

With the opening of the new year, 1928, we again present you with our annual Wholesale Price List. After over thirty years in the seed business, we feel that we are in a position to serve you and your customers in the way you wished to be served. This booklet contains our prices on the various seeds listed, to you as a dealer. They are our wholesale prices, we do not conduct a retail or mail order department. We sell to you, and you sell to the user. The prices noted are those prevailing at the time our copy was sent to the printer, and are not guaranteed, but are subject to change without notice. Orders will be accepted only at the price prevailing on the date which your order is received, and subject to stock being unsold.

Last year a number of firms ordered our "Garden Guide" or descriptive book for use in their stores, or to mail out to their customers. We still have a supply on hand, and will be glad to furnish a quantity to dealers selling our seeds, if you will advise us of your needs. If you want a new one for your own file, please write us.

Our Terms of Sale are:—Vegetable or Garden Seeds—Net Cash June 1st, 1928 to firms of approved credit rating, to others C. O. D. A discount will be allowed if the invoice is paid within 10 days from date of the invoice. Onion Sets, Field Peas, Grass Seed, etc., are Net Cash with no discount. Seed Corn, Millet, Oats, etc., are Draft with Bill of Lading. All f. o. b. Greene, N. Y. Bags are charged at value.

As members of the American Seed Trade Association, "We give no warranty express or implied as to purity, germination, description, quality, productiveness, or any other matter of any seeds, plants, or bulbs, we sell, and we will not be in any way responsible for the crop."

Also known as White Sweet German.	
<b>Yellow Swede</b> .....	30
A good keeper.	
<b>Budlong's White Rock</b> .....	35
An early sort.	
<b>Breadstone</b> .....	35

# Page's Standard Quality Flower Seeds

The slogan use to be "Garden for Profit," now it is "Garden for Pleasure." A person with a flower garden can also follow the slogan "Say It With Flowers". Nothing helps a home garden or even the looks of the grounds, as plenty of flowers growing, and they not only add to the looks, but they furnish plenty of pleasure and measure up to the standard that we set for all of our seeds.

## SWEET PEAS

	Oz.	Per lb

## LAWN GRASS

The best is none too good. What is the use of buying weeds and inert matter to put on lawns? Weeds will come anyway, and you can buy fertilizer for the lawn. We aim to put out seed for lawns that will be very nearly pure seed. Buy for quality not for price.

**Greene Park Mixture**—As good as the best, and better than most mixtures on the market. Our standard per 100 pounds.....\$ 28 00      30 Per lb

**Marvelawn**—A fine mixture, and one that sells ..... 25 00      28

**Page's Shady Park Mixture**—For use in shady places ..... 34 00      35

For your convenience and the convenience of your customers we have the Marvelawn Mixture put up in Quart and Pint cartons. They look well on your shelves, and they are a handy way to sell Lawn Grass for reseeding worn spots

### Quart Size

# PAGE'S HIGH-BRED SEED CORN

## (PA-SE-CO BRAND)

It is an established fact with most Eastern Dealers that any variety of Seed Corn possessing any merit, can best be obtained from The Page Seed Company, at Greene, New York.

Over thirty years of effort in the line of Seed Corn has given us a knowledge of the varieties best adapted to our northern soil and climate. We have every reason to believe that all varieties will stand up to the Page High Standard of 90 % or over in germination and practically perfect in purity. We sell over fifty varieties but in this list we are giving only those more generally used. Write us for prices on the varieties that you need.

## Protect Your Seed Corn

During the period when it is most easily damaged, by ridding your crop of crows and other corn-pulling birds and animals. It saves loss of seed and labor of replanting. It positively will not clog any planter. It is non-poisonous and will not injure the seed or any kind of corn. It is more effective, more convenient to use, and more economical than any other material.

**Large Can (enough for  
2 bu. of seed corn) \$1.50**

**Small Can (enough for  
1 bu. of seed corn) \$1.00**

# Stanley's CROW REPELLENT

The cans are packed one dozen to the carton  
 Large cans per doz. \$12.60    Small cans per doz. \$8.40

## GARDEN PEST CONTROL

# DISPLAY SEED JARS

By using Glass Jars you can display your small seeds in a very attractive manner. The jars with the seeds in them will attract customers who wish to purchase more than a packet, and they will last for years, not only for display, but also for storage. Our jars are  $9\frac{3}{4}$  inches high and  $3\frac{1}{2}$  inches square outside measurements. They are provided with a ground glass stopper. They are packed one dozen to the case.

Price per dozen.....\$4.50

## Seed Bags and Envelopes

We are able to supply your needs for containers for the seeds that you sell in bulk. The envelopes for ounce orders and bags for pound or quart orders. We will have your card printed on them, if you so desire, or if you wish we will have them printed with our card at the same price as the unprinted.

$1\frac{1}{2}$ quart bags per thousand.....	4.50	5.25

## IN CONCLUSION

Send us your fill-in orders even if you do not have an order with us for spring shipment. Our seeds are worth a trial, and we know we can give you the service that you desire. When our agents call upon you during the spring and summer, we hope that you will give them your regular order, as many of you have done for years. In case you wish to place your order for 1929 delivery before they call, do not hesitate to write us, and we will do our best to take care of you in a most satisfactory manner.

# MARVELAWN

## For the Lawn

Our new lawn grass seed mixture "Marvelawn" is put up in cartons, either pint or quart, and is also put up in bags to be sold as bulk. It is one of the best mixtures for the lawns in your community. The mixture is made up of Red Top, Kentucky Blue Grass, and Meadow Fescue for they are slow growing, and are lasting. We also put in a little Timothy and domestic Rye Grass to provide grass in a short space of time, to help the other slow growing grasses.

Marvelawn will show better than 90% pure seed. Compare Marvelawn with other mixtures sold and we believe that you will find it ranks with the Best. Sell Marvelawn and you will obtain the trade on lawn grass in your community.
